

35 * 35mm 5050 Waterproof White Top SMD LED Module

Specification:

* Dimension:	35*35mm
* Module Thickness:	4mm
* Distance between modules:	60mm±5%
* Input Voltage:	12V DC
* Lightsource:	5050 SMD LED, 4 LEDs/Module
* Max. Power Consumption:	0.96W
* IP rating:	IP65
* Beam Angle:	120 degree
* Packing:	20pcs/anti-static bag
* Requires Constant Voltage LED Driver	

Part No.: 12AL04W-5050PW

Working temperature:-40-200 degree

Luminous intensity: 5500-6000mcd

Color temperature: 6000-6500k

Remark:

Chip Brand: Epistar

Application: emitting letter, brand, sign, advertising box lighting.

Characteristic: super flux, wide view angle, low luminous fading.
